PAINTED TURTLE | CABERNET SAUVIGNON

**no worries, no hurries**

An easy-sipping, approachable wine that gets along well with everyone, Painted Turtle will soon become the familiar favourite for that turtle time of day: hanging out with friends and taking life real slow. Because life is complicated. Wine shouldn't be.

**tasting notes**

This Painted Turtle Cabernet Sauvignon is a rich wine with ripe and velvety currant and blackberry flavours.

**food pairings**

Turtles may be partial to insects and aquatic plants, but they won't mind if you substitute your favourite foods! This Cabernet is a natural partner for steak sandwiches, blue cheese salads, pizza with the works, even chocolate cake!
